Experience Innovation

Index

Linear electric fireplaces offer a host of benefits that elevate the

aesthetics and comfort of any space. Their stylish and sleek design, characterized by clean lines and customizable features, allows them to seamlessly blend into any décor. With their contemporary shape, they effortlessly accommodate the trend of hanging TV's above them, making them a perfect solution for family living spaces. Simply change the ember bed to dramatically transform the look and feel of a linear electric fireplace from ultra-modern to a more traditional, comforting ambience.

Unlike wood or gas fireplaces, electric fireplaces require no maintenance, and can operate without heat for year-round enjoyment. They are safe for pets and children, as the glass doesn't get hot to the touch.

IGNITE® ULTRA

NEW!

Ignite® Ultra
Linear Electric Fireplaces

Modern Elegance

Sleek design and cutting-edge technology create a focal point that exudes modernism.

Adaptable Design

Freedom to fit your vision with five installation choices: front-facing, left corner, right-corner, bay, or create a sleek modular unit.

Natural Hearth

Delivers the most authentic flame and log combination for an unmatched and lifelike fire experience.

DI Only

SLIM
Linear Electric Fireplaces

Key Benefits

Sleek Design

The tall, dazzling flames have an impressive height, and the patented Dimplex mirror effect provides the illusion of depth.

Clean Energy

No fuel or venting is required. All the energy supplied to the unit is converted into heat, which stays in the room to keep the space warm.

Flexible Installation

Can fit flush into 2x4 framing for simple installation or can be wall-mounted with minimal obtrusion thanks to its slim design.

DI Only

- Slim design, installs flush into 2×4 wall
- 7 Flame Theme Colors
- Ambient light sensor
- Smart self-diagnostics
- Hidden touch controls

Enjoy 365 days with or without heat
- Removable factory-installed trim for flush mount
- Mirrored glass backer to enhance flame effect

Electric fireboxes present a multitude of advantages that make them an ideal choice for enhancing any living space. Their versatile installation options allow them to seamlessly fit into an existing hearth space or be incorporated into custom-built mantels; offering a quick and hassle-free solution to add both warmth and ambience into your home. These fireplaces complement any design style with multiple options for ember beds from traditional to contemporary to suit any décor style.

Enjoy the comforting glow of a traditional fire without the maintenance hassles of wood or gas fireplaces. Electric fireboxes are a safe choice for children and pets, as they remain cool to the touch. Run them year-round, with or without heat, ensuring a cozy atmosphere in any season.

NEW!

Elevate the fireplace experience to unprecedented heights with the cutting-edge technology of water vapor fireplaces. These innovative fireplaces utilize water and LED lights to craft a truly immersive 3D flame that convincingly mimics the authenticity of genuine wood or gas fires. The pinnacle of true luxury, providing a choice between a pre-built box for effortless installation – just connect to a water and electric source – or cassettes that grant you complete customization in design and orientation. You can even connect multiple cassettes together to create a fully custom dramatic focal piece that transforms your space into a work of art.

The ability to reach out and touch the flames without risk of burning yourself sets this product apart from traditional wood or gas fires. Vapor fireplaces are an incredibly safe option for any space with no noxious gas emissions and cool to the touch flames. Water vapor fireplaces provide stunning realism with simple and inexpensive maintenance, making them the perfect fireplace solution.

Optimyst® Linear
Vapor Fireplace

Breathtaking Ambience

Optimyst® delivers a world class electric fireplace experience that flawlessly imitates true flames and smoke.

Clean & Sustainable

Optimyst requires no fuel or venting as it runs on water and electricity and uses reduced energy for heating.

Unparalleled Experience

You'll have a completely unique fire experience through personalization options; no flame shape is the same.

Experience
Innovation

Electric log sets and inserts offer advantages for those seeking an easy and cost-effective way to enjoy the look of a traditional wood-burning fire without the hassle. These fireplaces are convenient to install and the perfect solution for those looking to revive the charm of an existing hearth space with a realistic and efficient fireplace.

Simply remove from the box, set into your space, plug in, and enjoy the cozy atmosphere instantly.

Revillusion®
Plug-in Electric Log Sets

Artful Design
Realistic flames, and quality crafted logs come together to create an illusion of a true burning fire.

Complete Perspective
Enjoy a full-depth view to the back of the hearth with the ability to see clearly through the flames.

Instant Coziness
Simply plug-in and savor the gentle dance of flames and the snug warmth it brings.

Key Benefits
