Opti-myst® Pro 1000
Built-in Electric Firebox

GBF1000-PRO

> Impressive flames, completely customizable and versatile.

Easily turn fireplace design concepts into reality with the Opti-myst Pro 1000 Built-in Electric Firebox. Install as a single-sided unit, or remove the included backer panel and convert to a see-through design that opens the view between rooms. The discrete heater completes the functionality and ensures perfect comfort in addition to the dazzling Opti-myst flame and smoke effect.

Features

Opti-myst® Flame Effect
Revolutionary ultrasonic technology produces a fine mist to create the illusion of flames and smoke.

Customizable Flame Width
Includes spacers and slots for customizable flame width and pattern.

Single or Double-sided
Includes removable hi-gloss/reflective backer panel for easy conversion.

Adjustable Flame Intensity
Control the desired volume of flame.

Supplemental Heat
Includes an effective fan-forced heater to warm up to 400 sq. ft.; Heater heats one side, even with backer panel removed.

Continuous Water Supply
Optional plumbed water supply kit (CDFIPLUMB-KIT) provides continuous operation without refilling water tanks.

Media Options
Includes media tray that can be customized with any media (not included). Optional inner glow logs also available.

Crackling Sound Effects
Enjoy a more complete sensory experience with the sound of natural wood fire.

Frame, Wire and Finish
Basic installation requires fewer tradespeople, no gas lines, venting or chimney.

Zero Emissions
The most sustainable fireplace option; no emissions and 100% efficient.

Energy Efficient
Uses low-energy LED lights for low-cost operation.

Sight and Sound Remote
Control the flames, heater and sound at the touch of a button.
